**Be a fan™**

Special Olympics Colorado is introducing the Young Athletes™ program to family members with children ages 2.5 through 7.

We would love to see parents, siblings, neighbors, and friends actively participate in these fun sports play activities with their child in the comfort of their own home. We would like you to be one of those families! Not only will you empower your child to grow physically strong, but you will also play an important role in the development of your child's gross motor and socialization skills that are essential to their future success.
