

# Special Olympics Colorado Project UNIFY®

## School Liaison Responsibilities

- Send brief updates on inclusive initiatives taking place at your school. Monthly reporting is important for measuring the impact of Project UNIFY in your school and so SOCO can report on your schools progress!
- Pick a date (or two, or three!) for when your school will hold their R-Word Campaign.
- Email PU Sports Manager, Allo Perry with the set R-Word Campaign date(s) so she can be sure to get supplies to you in a timely manner.
- If your school is partaking in Unified Sports® be sure all athletes, Unified Partners and Coaches have turned in required paperwork. Update Allo with practice and competition schedules.
- Let Allo know if your school would like a training set up to educate coaches, Unified Teams or staff on Project UNIFY and Unified Sports.
- Make sure all initiatives of Project UNIFY are taking place at your school throughout the year. Act as the school messenger between SOCO and the students at your school.
- Communicate preferred meeting dates to PU Sports Manager.
- Distribute SOCO Project UNIFY Youth Leadership Summit registration forms to students as well as flyers about other SOCO events such as the Polar Plunge.
- Be sure to let SOCO Staff know if they can be of assistance or guidance in any way possible!
