SCORES ARE SUBMITTED IN:	METERED TIME		YARD TIME	
	DO NOT CONVERT TIMES			

Assisted - Athlete should be the one moving their body through the water. Coaches or unified partners can be in the water to help athlete feel at ease and can offer physical assistance.

Flotation - Athlete has a flotation device they are holding or wearing. Athlete should move their body through the water.

Unassisted - A coach can be in the water to help comfort the athlete but should not touch the athlete unless for safety purposes.

Kick Board - Athlete holds the kickboard and uses legs/feet to propel their body through the water. Coach can walk beside them if needed but shouldn't need to touch the athlete unless for safety purposes.
